

CYLINDERS MODULES

Ref. 0366

Ref. 0286

Ref. 0329

Ref. 0367

- ❑ Specially designed for children from 18 months to 6 years
- ❑ These modules allow work on children's balance and coordination: get to overcome obstacles, learn to roll and crawl
- ❑ Possibility to convert the cylinder **Ref 0329** into a bridge by associating it with the Vario supports **Ref. 0334**
- ❑ Their different heights allow a gradual approach of first gymnastics elements
- ❑ These modules can be combined together allowing the creation of an infinite number of teaching circuits

TECHNICAL FEATURES

- ❑ Polyurethane foam of different densities
- ❑ Phthalate-free 1000 denier PVC cover with M2 fire rating
