

FREESTANDING BASE

- ❑ Easy to fit
- ❑ The size of this panel has been carefully calculated to ensure that there is no height difference between the runway and the vaulting area in order to have an uniform approach surface
- ❑ The panel has a hard surface, once the springboard placed on top of it, a strong take-off is ensured
- ❑ Ideal for sports halls in which floor anchoring is not possible
- ❑ Specially designed for pedestal-base GYMNOVA vaulting tables

TECHNICAL FEATURES

- ❑ Composition: Freestanding Base + Extension
- ❑ Base dimensions = 3.10 x 1.50 m
